Alamar Peach

Trees grown in the decomposed granite soil of the foothills of Placer County have long been famous for their excellent root systems, vigor and hardiness. In the selection of bud wood, trained plant pathologists continue to inspect and Okay parent trees. We take pride and satisfaction in offering top quality trees.

We welcome your inspection of our nurseries and any inquiries will be given immediate attention.

1954-55 Price List

The following prices are for commercial quantities. Home orchard prices are higher. Should prices decline, buyer is given benefit.

	<u>1 1/16"</u>	<u>5/8"</u>	<u>1/2"</u>	<u>3/8"</u>	<u>5/16"</u>
